OSAGE BEACH, Mo.--([BUSINESS WIRE](#))—Today, AVE INVESTMENTS, INC announces the lowest cost national POS maintenance and service offering in the industry.

“POS service and maintenance is a mature industry”, states Ted AveLallemant, President of AVE INVESTMENTS, INC. “and the major POS manufacturers are being forced to take less profit on hardware costs and make it up in service and maintenance”. He explains “In reality, the variety of devices and components in stores is the same across POS brands so the parts inventory, distribution network, and field technicians is common and shared. Retailers deserve more value from their maintenance dollars.”

For over 25 years, AVE INVESTMENTS, INC has been manufacturing its own POS brand and providing services and maintenance for all brands of POS registers. The centrally located US Company employs its own field force, owns a fleet of custom installation coaches, and has built a network of POS technicians.

- 4 hour response time for diagnostic on-site or over the phone with store or Retail HQ personnel
- Overnight replacement of printers, monitors, scanners, pin pads, and signature capture devices
