

AVE INVESTMENTS, INC. announces the worlds first \$999.00 pcCashdrawer® bundled POS system designed around the embedded Intel® Atom™ processor. Any retail chain can evaluate the new \$999.00 pcCashdrawer bundle for free.

A POS system designed around the new architecture Intel® Atom™ processor means small size, low power consumption, and industrial strength for today's Web connected POS

The new pcCashdrawer® combines the small size and very low power consumption Intel® Atom™ processor inside a pcCashdrawer bundle. The new embedded architecture means a low operating cost, space saving, all in one POS solution. A breakthrough price point and 3 year warranty means robust POS and Web based applications run on a “ready to go” system for under \$1000.

\$999.00

The new pcCashdrawer® bundle includes a Three Year Overnight Replacement Warranty

OSAGE BEACH, Mo.--([BUSINESS WIRE](#))— AVE INVESTMENTS, INC proudly announces the new \$999 pcCashdrawer® bundle. By embedding the new architecture Intel® Atom™ processor with the pcCashdrawer components, a breakthrough level of price performance, small size and low operating cost is achieved in the POS industry. For the first time, a completely integrated POS system including processor, cash drawer and till, power and cables, keyboard with MSR and 10 keypad, Epson compatible printer, and flat panel LCD monitor, is ready to go for under \$1000.

“The PC performance curve has always delivered more power for the same price.” states Ted AveLallemant, President of AVE INVESTMENTS, INC. “However we have achieved a new breakthrough level by using the totally new design architecture features of the Intel® Atom™ Processor. The industrial strength, low power consumption, space saving design allows us to embed it inside the system and is a perfect match for today's internet connected POS terminal.” He further offers, “I am so confident in this product that I will personally deliver it free to any retail chain that calls me wishing to evaluate it.”

The new \$999.00 pcCashdrawer® bundle features include:

- Intel® Atom™ embedded into the cashdrawer
- 1.6 GHz Processor with up to 2 Gigabyte RAM max
- 160 GB Hard Drive or Solid State Drive
- (4) USB ports, (2) COM, (2) LAN, (1) VGA standard
- POS keyboard with MSR, Programmable Keys, and 10 Keypad
- Epson compatible printer
- Flat Panel LCD monitor
- 3 year overnight replacement warranty
