**AVE INVESTMENTS, INC. announces a new pcCashdrawer bundle for \$1199 purchase or \$99 per month rental including installation and maintenance.**

Osage, Missouri (December 4, 2008). Once again Ave Investments, Inc. leads the market by offering the lowest cost, smallest footprint, latest POS technology in the industry. By being the low cost manufacturer, the pcCashdrawer bundle beats HP and Dell bundles by hundreds of dollars with this new offering.

At \$1199, the pcCashdrawer bundle includes a custom designed retail hardened 1 gig intel fanless processor embedded in the cash drawer. An Epson compatible thermal printer, a POS keyboard with MSR and LCD monitor complete the hardware bundle. Microsoft XP is loaded on the hard drive making it ready for the widest range of POS software.

In support of Ave Investments, Inc. innovative Hardware as a Service or HaaS initiative, the pcCashdrawer bundle can be rental on a monthly term for \$99 per month including installation and maintenance. Now retailers can obtain POS systems on a temporary basis to meet Christmas demand, seasonal locations, and peak load periods.

Please visit [www.pcCashdrawer.com](http://www.pcCashdrawer.com) for more information on the pcCashdrawer bundle and HaaS.
